SUMMARY

Computer Engineering graduate from UCF with experience in embedded systems, full-stack development, and interactive hardware projects.

TECHNICAL SKILLS

Languages: C/C++, JavaScript, TypeScript, PHP, SQL
Web: HTML5, CSS3, React, Node.js, Express, Prisma, PostgreSQL, WordPress
Embedded: Arduino IDE, Embedded C, Fusion 360
Tools: GitHub, LTSpice, Postman, Microsoft Office, Visual Studio Code
Game Dev: Unity

EDUCATION

University of Central Florida (Dec 2025)

- Graduated with a Bachelor of Science in Computer Engineering.

Devslopes Academy (June 2026)

- Completed a full-stack web development program covering HTML, CSS, JavaScript, TypeScript, React, Node.js, Express, SQL databases, REST APIs, authentication, and modern development workflows.

PROJECTS

Save Slot HQ (Solo Full-Stack Web App)

- Solo-developed a full-stack web application that allows users to interact with a collection of games managed by administrators.
- Implemented JWT authentication, role-based access control, PostgreSQL database integration, game reviews, favorites, and profile management using React, TypeScript, Express, Prisma, and PostgreSQL.

Style Tracking Expressive Pad System (STEPS) (Embedded Systems Senior Design Project)

- Designed an interactive dance pad system with 9 input tiles and embedded microcontrollers for real-time gameplay input.
- Implemented embedded firmware and contributed to game logic and PCB design within a 5-person team.

Gesture-Controlled Robot Vehicle Glove (Embedded Systems Team Project)

- Developed a gesture-controlled wearable glove system capable of wirelessly controlling a robot vehicle through hand gestures.
- Collaborated with a team of 4 to implement gesture detection and wireless communication.

Steezee (OpenAI Clothing Website)

- Developed a full-stack clothing store integrating OpenAI APIs with a team of 5.
- Implemented backend endpoints using PHP and MySQL and tested endpoints with Postman.

Globos Resurgence (Unity 2D Platformer Game)

- Led development of a 2D platformer game in Unity.
- Implemented gameplay mechanics and coordinated development within a 4-person team.

WORK EXPERIENCE

Hotto Potto [Restaurant] Server (Jan 2023 – Jan 2024)

- Provided high-quality customer service in a fast-paced restaurant environment serving high customer volume.

UBER Eats Delivery Driver (September 2024 – October 2025)

- Maintained reliable delivery performance and time management while fulfilling customer orders.

LEADERSHIP/ACTIVITIES

- JROTC Executive/Company Commander (2019 – 2021)
- Filipino Student Association Officer (2023 – 2024)
- Fresh Off the Beat Dance Co-Coordinator (2023 – 2024)
- Komodo Dance Member (2023 – Present)
